€1,600,000 House / Villa - For sale

Excellent 5 Bedroom house / villa for sale in Argentona, Barcelona

Stately-style house, fully restored, featuring 5 bedrooms, a consecrated chapel, gardens, saline pool, and original finishes such as hydraulic tile floors. Ideally located in the center of Argentona.

Completely renovated stately home located in the very center of Argentona. It has been carefully restored while preserving its original character: hydraulic tile floors, very high ceilings, large windows, interior arches... all recently revitalized to provide an elegant, timeless, and functional style.

On the ground floor, we are welcomed by a spacious hall with very high ceilings and a great sense of openness. From here, there is access to a multipurpose room with a fireplace, to a bedroom or additional multipurpose room, to the living-dining room with a fully equipped open-plan kitchen, and to a spectacular porch that connects with the beautiful garden. On this same floor we also find a complete guest bathroom and several exits to the outside.

The upper floor houses the sleeping area, with a total of five bedrooms: two of them with private bathrooms and three that share a full bathroom. All bedrooms offer a great sense of space and abundant natural light. The master suite stands out, featuring a large walk-in closet, a spacious bathroom, and a private terrace with spectacular views.

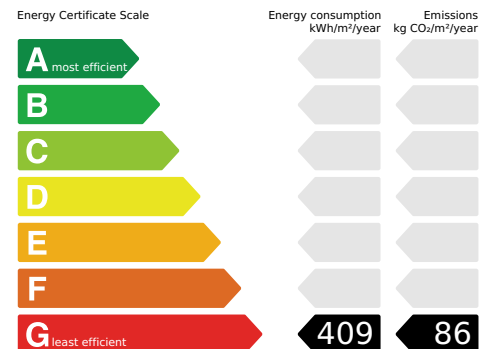

The garden is one of the property's main highlights, thanks to its generous dimensions, the completely flat plot, and the surrounding tranquility. The saltwater pool is strategically located at the end of the plot to make the most of the landscaped area. As a unique feature, the estate includes a consecrated chapel from 1929, designed by the architect Lluís Bonet i Garí, with original paintings on the apse by Antoni Vilà Arrufat. Architecture with history, transformed into a home.

Additional features include: zoned air conditioning, natural gas heating, automatic shutters, indirect lighting in common areas, outdoor storage rooms, alarm system, fiber optic internet, video intercom, and automatic gate. All of this on a 1,380 m² plot facing south/east, ensuring privacy, natural light, and a quality environment.
