OVERVIEW

Elegant Villa with pool in Caminha, in an exclusive residential area, surrounded by nature and close to the beach, with a plot of land of 7346 m²

Elegant Villa in Caminha, in an exclusive residential area, surrounded by nature and close to the beach, with a plot of land of 7346 m²

The plot is magnificently framed in the landscape and has two completely private constructions: the main house with 296 m² and another support house, independent, with 150 m².

Both houses enjoy a large green area of 3000 m² very well maintained. The green area is combined with spaces in granite paving that give access to the garage. The total construction area is 740 m².

The green area also has a swimming pool and fruit trees.

The house was fully refurbished with a revised design conceived by Arqt. Miguel Guedes, who highlighted its exclusivity and harmony with the surrounding space and other elements of the property.

With its intrinsic resources, the property enjoys peace and privacy, but also has privileged road access, namely to the A28 and A3.
