### OVERVIEW

## T4 duplex apartment with 265 m2 of covered area and 58 m2 of garden area, in a prestigious building in Boavista

Porto belongs to those who have always made it home, to those who choose it to live, invest or discover.

It is history and culture, nature and fertile ground for entrepreneurship and economic development.

With a premium location on the main artery of the Boavista residential area, a unique housing complex will be created, created by a reference brand in the housing stock of the city of Porto.

This is a project designed to satisfy the highest demands for comfort, innovation, sophistication, excellence and differentiation, offering an exclusive product aimed at lovers of detail.

The project highlights a building that resembles the shape of a diamond,

drawing inspiration from its beauty, rarity, purity and shine.

Versatile, trendy and close to services and quick access, Boavista brings a new centrality to the city.

The strength of the exterior lines of the facade resembles that of a diamond,

while the interior reminds us of the value of what is most precious: the place we

we call home.
