This beautiful and unique beachfront building is located in one of the most sought-after and exclusive areas of the Costa Brava. It has direct access to several of the wonderful coves with crystal clear water, such as Cala Sa Cova and Cala Rovira, as well as the famous and beautiful coastal path that connects all the surrounding beaches and coves. Without a doubt, it can be said that it enjoys an unrivaled location and, in addition, it is built on a large plot of about 9,500 m², which has a large garden with a private pool where you can contemplate the charming views of the sea, the beaches, cliffs and surrounding nature.

This spectacular building was built in 1960 and consists of several buildings. First of all, the main villa is arranged, large, spacious and very sunny with open views of the coast. They are distributed over a total of three floors, all perfectly oriented to enjoy the panoramic views of the sea. It also has several terraces, ideal for enjoying this unbeatable location.

Upon entering, its spacious and open-plan living room stands out with impressive views of the sea from every corner. In addition, it has five double bedrooms, three of them with private bathrooms, as well as two complete bathrooms. On the other hand, it has a meeting area for family and friends with a large open kitchen connected to an interior living room, a covered exterior dining area and access to the garden and private pool.

The house is in good condition, although it could reach its full potential with some updates.
