OVERVIEW

Villa Coconut, a beautiful modern and minimalist villa located on a 744m² plot with a garden and swimming pool and with a surface area of 187m², the property offers a unique style focused on your well-being, enjoying a warm and welcoming character. Delivery in 2026

Specially designed for your comfort, the property offers a unique property model focused on your well-being. This new build house stands out from traditional new constructions for its warm and welcoming character.

Minimalist, charming and modern, this villa is above all a place to share. The tropical touch combined with an eco-friendly construction model make Villa Coconut an innovative concept in the region. Particular attention is paid to the exterior to offer a unique living experience where the exterior naturally integrates with the interior spaces.

The property is located on a rectangular and homogeneous plot of 774m², completely flat, which allows you to take advantage of the entire plot. This single-floor villa benefits from a surface area of almost 200 m² with terrace and porch areas.

Every detail has been carefully designed to make all the rooms of the villa warm spaces where well-being takes priority. The property consists of 4 beautiful bedrooms with direct access to the garden and tropical plants. Thanks to its ideal location, the villa benefits from great privacy.

With a south-facing exposure, large windows and spacious volumes, the villa benefits from perfect natural light. The combination of wood and contemporary finishes creates a warm and elegant atmosphere. The property has been designed in a refined style where the layout is optimized with simple and comfortable spaces.

This house stands out from traditional new constructions thanks to its unique style where the exterior is brought inside, all with a tropical touch.
