OVERVIEW

New build villa in the extraordinary area of the Satellites, Majadahonda, with independent plot and private pool.

Lucas Fox International Properties presents exclusively this new detached house on an extraordinary plot of 518 m². It is a modern, original and contemporary design construction, with a garden and private pool.

The house has excellent quality finishes and is the type of property that is in high demand on the current market. Great care has been taken over the smallest details in the design, aesthetics and optimisation of natural light. The result is an elegant house which is very bright and with a welcoming design and atmosphere.

The project offers you the possibility to customise the house to your liking: you can adapt the interior layout, adding or eliminating rooms according to your needs, and choosing the floor and paint finishes.

The house is in a magnificent location, in an exclusive area in development, with a unique environment and close to the centre. The house will have a construction of two floors plus the basement. The main rooms, such as the living room with double height ceiling, will enjoy fantastic views and large outdoor areas of porches and terraces. The house will have a garage with capacity for several cars.

The delivery date of this magnificent villa is scheduled for 2021. Do not hesitate to contact us for further information on this project.
