OVERVIEW

Impeccable 3-bedroom duplex with a private garden in a spectacular residential development with a private pine forest, luxury facilities and all kinds of shops just 5 minutes away; perfect for lovers of nature and comfort.

Lucas Fox is proud to present, on an exclusive basis, this luxurious ground floor duplex in one of the quietest developments in Majadahonda. It consists of three bedrooms, three full bathrooms, a comfortable open kitchen, a large living room and an amazing garden.

We find the Endaze British International School and the Puerta de Hierro Hospital within walking distance. In addition, it has access to several highways that connect with the entire northwest and with the capital, as well as several shopping centres within a few minutes by car such as Carralero, Equinox and Centro Oeste.

Upon entering the duplex, the hall leads us to the corridor that gives access to the night area, the living room in front and the kitchen on the left. To make the most of the space, the kitchen is accessed through a sliding door that allows the space to flow between the two rooms. In addition, it also has a large space to store household items, as well as a laundry room that houses the mains gas boiler.

The living-dining room is oriented to the southwest and has a huge window that provides plenty of natural light and that delights us with the views of the pine forest that form the common areas of the development.

On the other side, we find the night area. A first double bedroom, the guest bathroom with shower and the master bedroom with its private bathroom. The latter is large, as it has been joined by another bedroom that now serves as a dressing room. This wing of the home faces northeast and also enjoys views of the neighbourhood.

Upon returning to the dining room area, we find a staircase that leads to the ground floor where the third bedroom is located, with its complete bathroom, closet-dressing room and plenty of space. It also offers access to the 30 m² garden with access to common areas.
