OVERVIEW

Spectacular 14-bedroom mansion on a 4,236 m² plot with swimming pool, tennis and padel tennis courts in Somosaguas, one of the most exclusive and prestigious development in the capital, just 10 minutes from the American School.

Lucas Fox is pleased to present this impressive and spacious three-storey mansion with countless rooms, including an office, separate guest area, games room, meeting rooms, library and chapel.

This spectacular period mansion with a perimeter terrace on the first floor, the main one, is a rare find. With an elegant and traditional interior that is perfect for large families, this immense house offers 14 bedrooms, all of them very spacious and bright.

From the garden, we access the main floor of the house by stairs. We find a small hall that leads to a spacious reception with stately stairs that lead to the upper floor. On the ground floor there is an exquisite office / meeting room with a closet and a safe, two spacious lounges facing south with access to the terrace and the main stairs, which connect to the pool area.

This same floor offers a spacious and equipped kitchen / service area, with pantry, bedroom, complete bathroom and service stairs. On the other side there is a bedroom area, ideal for visits or to accommodate one of the family members. The night area is distributed around a common central space that connects with a large terrace. It leads, on the one hand, to the master bedroom suite with dressing room and complete bathroom and, on the other, to 2 bedrooms that share a complete bathroom.

The upper floor consists of 3 different parts: the office area (6 furnished offices, all with natural light and closets), the 2 independent guest areas, with 2 large bedrooms with dressing rooms and full bathrooms, and the rest area with 2 bedrooms with dressing room and bathroom.

On the lower floor there is a service area that connects to the kitchen on the upper level, a garage with 4 car spaces, and 4 bedrooms that share a complete bathroom. This same height houses a chapel, a spacious living room in front of the pool, a multipurpose room with a kitchen bar, a library, a wine cellar, a boiler room and 2 complete bathrooms.

From outside the house, you can also access a kitchen and a bathroom designed to facilitate activities carried out in the garden or in the pool.

The mansion would need a renovation to reach its full potential, which offers the future buyer the opportunity to personalise the home with finishes to their liking. Without a doubt, these small efforts are offset by the grandeur of the house. It is an ideal space for large families and enjoys a perfect layout to host both casual and formal events.

Thanks to the rectangular shape of the garden and the plot, the space is used to the maximum. The pool is next to the house and is quite large. The exterior also has a sentry box at the entrance for private security, a tennis court and another padel tennis court.
