OVERVIEW

Fantastic newly built semi-detached villa with a modern design with high-quality finishes and materials for sale in a privileged location in Pozuelo.

Lucas Fox is delighted to present this fantastic, beautifully designed new build semi-detached villa with key delivery in Q2 2024. As the houses in this development are only connected at the rear, the experience will be that of a detached villa, each with its independent entrance at opposite ends.

In this development, functionality and luminosity prevail and open spaces are offered to provide greater amplitude. In addition, we highlight its careful design and the choice of materials of the highest quality and long duration. The property will have a minimum of three bedrooms with private bathrooms, which can be expanded to five bedrooms and with the possibility of customization to adapt the property to the needs of your new family. Likewise, there is the possibility of making modifications, since it is currently under construction, in a phase that still accepts changes.

The property boasts a beautiful garden and optional private pool. In addition, it has a very practical layout and chosen with great success. It has two main floors and the lower ground floor, where we will have the possibility of adapting it to our own needs, depending on what the end customer needs.

On the main floor, we will find the coat closet, the guest toilet and the main day area. This has a large living-dining room with its open kitchen with large floor-to-ceiling windows to enjoy unbeatable views of the garden.

The upper floor houses the night area with three bedrooms: the main one, which has a dressing area and a bathroom; a second bedroom with a large wardrobe area and private bathroom; and another that also has its own bathroom and closet area.

On the covered floor there is a tiled terrace, with a railing, light and water outlets. It can be customized and include a state-of-the-art jacuzzi, a retractable pergola, TV sockets and fiber optics.
