OVERVIEW

Stunning new townhouse of elegant and modern design for sale in Pozuelo, Madrid

Lucas Fox is proud to present this boutique development of 3 luxury townhouses in one of the best parts of Pozuelo de Alarcón, close to local amenities, key international schools and just an 8-minute walk to the railway station.

Residents of Pozuelo enjoy the best of both worlds, on one hand it means living in close connection to nature with access to local parks and the best schools and universities of Madrid (The American School, Kensington School and British Council are a 5-minute drive) and on the other hand the centre of Madrid is only 20 minutes away.

The licence has been granted, and the construction has started, with expectations for the proud new owners to take delivery of keys in the third quarter of 2024.

The outstanding features of these wonderful family homes are the timeless but elegant Mediterranean design, the high energy efficiency (Certificate A) and the very high quality materials and finishings.

In contrast with some other new developments, these properties come fully equipped with swimming pool and basement included in the price.

High ceilings and large floor-to-ceiling glass doors across the full width of the living room give a sensation of space and allows for lots of natural light.

The architects have designed Benitez 16 with focus on both comfort and practicality of the modern family and provide the option to personalise some parts of the property according to individual requirements, offering 4 or 5 bedrooms.

For example, in houses A & B you have the option to choose an open plan or separated kitchen and the basement offers a variety of interesting distributions.

The properties range in size from 383 to 436 m² constructed with A (383 m²) & B (392 m²) very similar in lay-out and property C being the largest with 436 m² and wonderful corner plot and given its location house C will feel like living in a detached villa.
