€1,720,000 House / Villa - Sold

Beautiful detached house of 300m² and five bedrooms in the best location of Montecarlo.

Beautiful independent house on a 2,400 m² plot for sale near educational centers such as Everest School and the Francisco de Vitoria University, the Montecarlo shopping centre and the M-40, in Pozuelo.

Lucas Fox is proud to exclusively present this discreet house in the heart of Montecarlo. It is a 350 m² villa on two floors on a 2,400 m² plot. It is located in a quiet and almost unknown corner of the development, so it offers great privacy.

The plot welcomes us with lush vegetation, carefully maintained, which has the main façade of the house as a background. We will reach the threshold by crossing the wide front porch to enter the property.

Once inside, we clearly distinguish the characteristic layout of the Encinar model with the staircase in front of us and the living room to the right. The living room is a bright and pleasant space, with views of both gardens: both to the front and, through the dining room and the adjacent living room, to the main garden. The living room is complemented by the living room with access to the garden as well as the dining room with capacity for eight people comfortably.

Next to the dining room, the large kitchen is located, the result of unifying this space with the service area that existed originally, thus forming a spacious, cozy and very practical space. The kitchen enjoys a large amount of natural light, views of the main garden and access to it. The opposite end of the kitchen gives way to the hallway that takes us back to the entrance.

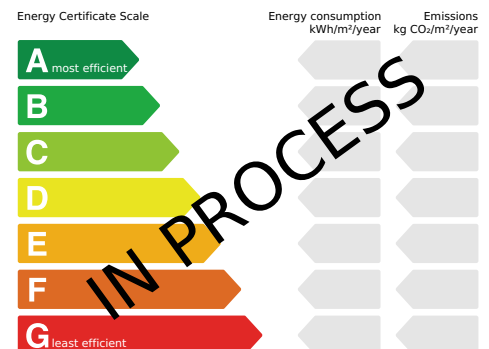

On the other side of the entrance is the practical main bedroom, on the same floor. Enjoy large dimensions, a gazebo with spectacular views of the front garden, a lot of privacy thanks to the location and orientation, your own dressing room and bathroom for exclusive use. The ground floor is complemented by a guest toilet, a room for the washing machine and storage space under the stairs.

The staircase leads us to the upper floor of the house, which follows the classic layout of the model. Each end offers two bedrooms. On the one hand, in front of the staircase, two bedrooms that share the bathroom on the side of it. On the opposite side, two other large bedrooms also share a bathroom and a large terrace. This terrace rises above the garage and delights us with wonderful views of the bucolic surrounding natural environment.

€1,720,000 House / Villa - Sold

Beautiful detached house of 300m2 and five bedrooms in the best location of Montecarlo.

This floor also has a living area, ideal for use as a family-friendly room, reading corner, game room or other uses. Finally, an additional room is offered, also characteristic of the Encinar model. An attic room that can be a great study thanks to its privacy or even a gym.

In the finishes section, it is worth mentioning the palpable difference in quality compared to others, since it was built in the 80s. It has wooden, ceramic and carpet floors in the different rooms, PVC exterior carpentry that maintains the House isolated from exterior temperature variations, gas heating and fireplace to keep warm in winter.

Outside, a large private plot is offered. Thanks to its size, the house is located further from the main entrance and on a cul- access-sac, which offers total privacy. It is surrounded by beautiful garden areas , with trees and lush vegetation.

In short, it is a property that offers us tranquility and warm and cozy stays in a natural environment.

The property can be visited easily. Contact Lucas Fox today by phone or email to arrange a viewing. We work 7 days a week to be able to adapt to the needs of our clients.
