Although the wonderful villa is cared for in detail and ready to move into, it offers a unique opportunity for customization, allowing the future owner to adapt characteristics such as the floor, vertical parameters, decoration, interior painting and heating/cooling systems.

Exterior, the impressive and beautiful 2500 m² garden has a swimming pool, surrounded by an extensive green area bathed in the sun. We found a very large porch area also around the entire house, a perfect space to relax and enjoy contact with nature after an intense work day.
