OVERVIEW

Exquisite duplex penthouse with comprehensive renovation and two terraces for sale in Los Fresnos, Boadilla del Monte.

Lucas Fox is proud to present this beautiful designer penthouse, completely renovated with an exquisite comprehensive renovation, located in the Los Fresnos development, in Boadilla del Monte.

This beautiful duplex penthouse is characterized by its warmth and luminosity, thanks to its large windows and its design with noble materials. It is a quality apartment designed with good taste, which is very comfortable and is located in a strategic area, a short distance from Majadahonda and the centre of Boadilla.

Upon entering through the main entrance, we find a large entrance hall with a spacious coat closet and a guest toilet, ideal for receiving visitors. At the back is the large main day room, composed of a beautiful living-dining room and a kitchen equipped with a beautiful central island. Without a doubt, a very cozy space where you can enjoy visits and family gatherings. This entire large room offers access to the spacious two-room terrace. The terrace enjoys great privacy, since it is not seen from any of the adjacent developments or homes and also has awnings.

Going up the stairs is the bedroom area, currently composed of a large spacious bedroom, with a dressing area and a private bathroom. This bedroom also has a private terrace, generous in size and unobstructed views of the development.

This luxury penthouse stands out for its design and quality, as it has been completely renovated recently and is practically brand new for the new owner. Among its improvements, there is a wonderful imitation wood porcelain floor, state-of-the-art enclosures, with triple glazing, ducted air conditioning, motorized blinds and the brand new fully equipped kitchen.

The development has a closed perimeter, equipped with double security with Los Fresnos and a concierge service, every day of the year. It also has a grass paddle tennis court (in this case far from the property), swimming pool and garden areas, which provide maximum comfort every day of the year.
