Upon entering the property, we find a cozy garden area, ideal for enjoying the outdoors. Next, upon entering the property, we are greeted by a spacious living room with large windows and access to a terrace with access to the garden area. The modern living room is separated from the kitchen by a glass panel that can be left open to maximize space and light, or closed to make both rooms independent. The spacious kitchen comes fully equipped with designer furniture and quality appliances . It is well designed for daily use as it has a very large office area and adjoining laundry area . To the right, we have a guest toilet for the convenience of residents and visitors. The living room benefits from direct access to the garden through large windows. The garden has a pergola and an awning, perfect for enjoying the outdoor space regardless of the weather conditions. The entire garden is covered with artificial grass, which is cleaner and easier to maintain.

The first floor houses most of the bedroom area, made up of three bedrooms, including the main bedroom with a large private bathroom, dressing room and access to a magnificent terrace with unobstructed views of the development. The other two large bedrooms are located on the other side of the floor and share a modern and functional full bathroom .

On the top floor, we find a large bedroom with a study area. It is one of the most special areas of the property, since it has access to a terrace of approximately 60 m², with clear views of the exclusive development. This room enjoys total privacy as it is on the upper floor . Its unique design and its location at the top of the property give it a special character and an intimate atmosphere. However, it could be put to other uses if you prefer. On the same floor there is a dressing room and a large bathroom with a shower.

On the lower floor , we find the guest or service bedroom with a full bathroom , a large study, a garage for two cars and a storage room or wine cellar.

The qualities of this property are exceptional: natural limestone exterior façade, double-glazed windows with Climalit thermal break, armored access door, built-in wardrobes, fully dressed dressing room inside, white lacquered interior carpentry, mains gas heating and ducted air conditioning. Improvements have been made to the property such as the top floor, the fully equipped lower ground floor , or the renovation of the living room. It has solar panels with a water tank and two exterior parking spaces with access through an independent automatic door to each of them.
