New development

RESIDENCIAL PLAYA LA LLOSSA Houses / Villas, Cambrils, Costa Dorada

A new development of Houses / Villas for sale in Cambrils, Costa Dorada

The Mediterranean as a garden where luxury is not space, but waking up just a few meters from the seashore.

Welcome to this new build residential complex, located 50 meters from the idyllic La Llossa Beach, in the beautiful town of Cambrils and on the Costa Dorada.

This project of seven unique homes offers an impeccable and functional design. The architecture breathes with glazed spaces that flood every corner with natural light, fostering a constant connection with the exterior. The perfect balance invites tranquility, blending modernity and exclusivity in an unparalleled location, just steps from the sand and the endless blue sea.

Its spacious layout seamlessly blends into the outdoors. Each unit offers a generous living room with an integrated kitchen, four double bedrooms, and three bathrooms. In addition, each unit includes a private garden plot, a superb private saltwater pool, and an individual garage.

These are impressive, state-of-the-art villas, clearly distinguished by their premium, cutting-edge and innovative features and, above all, their privileged location by the sea.

On the other hand, they enjoy an ideal location. Just a few minutes' walk away is the charming and picturesque centre of Cambrils, with all its amenities, leisure activities, restaurants, and marina. For children, PortAventura World and Ferrari Land are within easy reach.

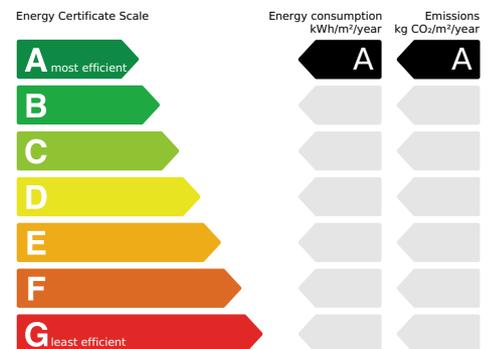

Also in the area is the capital of Tarragona, known for its history and formerly the capital of one of the most important cities of the Roman Empire, Tarraco, which preserves significant archaeological remains and has been considered a World Heritage Site by UNESCO since 2000. Barcelona airport is 55 minutes away by private vehicle.

Personalized visits are available so interested parties can learn more about the project. Five houses remain available, priced between €975,000 and €1,100,000.
