New development

Residencial Sagasta

New development with luxury apartments from 1 to 4 bedrooms with high ceilings, quality finishes and exclusive services such as swimming pool, spa, gym and rooftop terrace with views for sale in Madrid.

Lucas Fox presents the Residencial Sagasta development, in the heart of the Chamberí district. This impressive historic building was built in 1893 as the palace-house of Viscount Torre-Almiranta. Now, it is presented masterfully restored by the team at Touza Arquitectos in collaboration with the prestigious design studio Lázaro Rosa-Violán. In this way, this unique project is offered, with sophisticated period elements, as well as all modern comforts.

The development offers exterior apartments, between 168 m² and 522 m², which are available in configurations of one to four bedrooms, thus offering great flexibility to adapt to the needs of each owner.

The homes, designed as authentic palatial residences, feature high ceilings of more than five meters high, with original moldings. In addition, they have wood and marble fireplaces and large windows that allow abundant natural light to enter. Each property has been carefully designed and now features oak wood floors, kitchens with white painted cabinets and moldings, marble sinks and showers, and elegant closets that harmonize style and functionality.

In addition, Residencial Sagasta offers exclusive facilities and amenities for residents. These include a heated indoor pool, a spa with sauna and massage area, a fully equipped gym and a rooftop terrace with solarium offering exceptional views of the Madrid skyline. It also has exclusive landscaped interior patios, a chill-out gallery, a gastrobar and a library. It also has amenities such as a 24-hour concierge, automated parking and storage rooms.
