Beautiful 5-bedroom house with a pool for sale in Los Monasterios

Minimalist home surrounded by a landscaped garden with security system, in the residential area los Monasterios.

Beautiful minimalist house of 341 m² located on a plot of almost 1,500 m² in the residential area in Los Monasterios. The neighbourhood is home to one hundred families and has 24-hour security. In addition, this house in particular has only one neighbour and is presented with a perimeter alarm security system, so it enjoys great privacy and tranquility.

Upon entering the property we are greeted by a landscaped garden with pine trees, the ideal space for events and parties. The house is surrounded by a beautiful landscaped garden with a pool and has 4 attractive terraces where you can relax and enjoy the excellent climate of the region.

The house is arranged over 4 floors. On the ground floor, which is located on the level of the pool, there is an independent studio with a bathroom. This room could be used as an additional bedroom, if you prefer. There is also a lounge or fitness / gym room with a large window. Both spaces have access to the pool area.

We go up to the first floor, the main floor of the house, by a nice spiral staircase or by the outside of the house. This floor has a minimalist living room with very high ceilings of over 6 metres high, with panoramic windows, a fireplace and a cosy library / office located on a platform accessed by the spiral staircase. Next to the living room are the dining room and the porch. All these spaces have large windows that provide a lot of natural light and offer beautiful views and access to the exterior.

Next we find the kitchen equipped with high-end appliances and with access to a small dining room. The kitchen has an annex that serves as a storage room and laundry room, with the washing machine and dryer. Finally, on this floor there is also a double bedroom and a bathroom.

The last two floors, intended for the night area, are half floors and are separated by a few steps. On the second floor there is a double bedroom of 33 m² with a private bathroom and 2 double bedrooms of 13 m² that share a bathroom. These bedrooms are connected to the library on the lower floor. The third and last floor houses the master bedroom, which also measures 33 m² and has its own private bathroom.

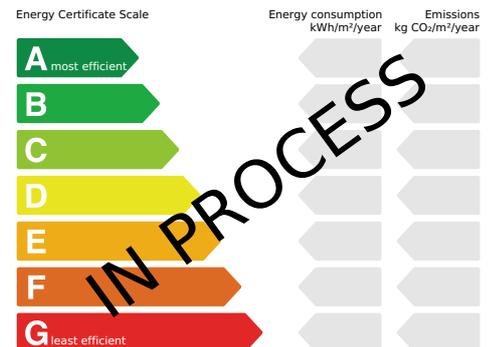

The bedrooms have magnificent views of the gardens, while the rest of the house offers views of the Sierra Calderona.

This house has materials and finishes of the best quality, such as parquet and white marble floors, led lighting, central heating with gas radiators and hot and cold air conditioning in the bedrooms.
