OVERVIEW

A new development of Apartments for sale in San Sebastián, Basque Country

Lucas Fox presents this new build development with nine apartments, with the best standards and qualities, inside a beautiful building with heritage protection, with typical architectural characteristics of the old town of Fuenterrabia.

This unique project is made up of nine homes distributed over four floors and with several versatile typologies of one, two and three bedrooms. The homes are located in this unique historic building in Fuenterrabia, in which period elements have been preserved, while it has been modernized. Thus, the homes offer a space with a traditional period design, with all the modern comforts.

The development is in an unbeatable location thanks to its proximity to the marina, where all bus lines arrive. In addition, it has an extensive network of bike paths that runs throughout Hondarribia, so you can easily reach the beach and enjoy pleasant bike rides.

Highlights:

- 1, 2 and 3 bedroom apartments
- Exclusive location
- Renovated building with period elements
