OVERVIEW

Spectacular villa, the work of the prestigious architect José Antonio Coderch, on a 6,862 m² plot with views of the golf course, for rent with an option to buy in Sant Cugat del Vallès.

This wonderful villa was built between 1964 and 1966 and is considered one of the most accomplished works of the prestigious architect José Antonio Coderch, an indispensable figure of modern architecture in Spain.

The house is located next to the Sant Cugat golf course, on a magnificent 6,862 m² plot. It has the typical characteristics of the Coderch style: a single-story house with a totally contemporary construction, with flat roofs, cubic volumes, book windows and white exteriors.

The 371 m² villa is divided into three wings, which house the three functional areas into which the house is divided: the day area, the rest area and the service area. All of them are separated from each other by a magnificent central patio and open to the spectacular 6,400 m² garden that surrounds the house.

The house is accessed through a spacious hallway with a seating area, which gives access to the guest bedrooms. After the lobby, going down a few steps, we will reach the inner courtyard and from the front we will find the day area. We can highlight its magnificent living room, overlooking the beautiful garden and the golf course on one side and the pool area on the other. The patio is behind us, where the sunlight enters.

A corridor leads us to the rest area, where we find four bedrooms with bathrooms and an office, all of them to be updated.

The service area includes the kitchen, the laundry, the cloakroom area and a service bedroom with bathroom, also to be updated.

The house is completed with an attached garage of 46 m² and the magnificent 6,400 m² garden, with natural grass and a multitude of trees, which give it a lot of charm and provide pleasant shade in the summer months.
