The semi-basement floor, despite its large proportions, enjoys natural light and direct ventilation, thanks to a large semi-circular rear patio, which descends to the semi-basement level and at the front, thanks to the large windows of the pool. On this floor are the recreation and spa areas: gym, heated wave pool, sauna, jacuzzi, disco, games room, wine cellar, as well as a large facilities room and storage room.

The large summer porch is located in the extensive garden, with its dining and chill-out area and barbecue, and also has a two-storey straw hut for celebrations. All this large outdoor garden space is ready to enjoy with family and friends.

As for the qualities, we can highlight the use of marble, ceramic flooring decorated with high-end borders and noble wood, stuccoed walls and ceilings, paper and interlining coatings as well as insulating and security enclosures, underfloor heating, air conditioning in all rooms and private infrared security circuit; all controlled by the latest technology in home automation.

In short, an ideal home for a family who wants to spend quality time and enjoy a privileged space both inside and outside their own plot.
