OVERVIEW

Brand new renovated house with spectacular views of the City

LUCAS FOX presents this unique home, completely refurbished and ready to be used for the first time, which will seduce you with its unique views, its quality finishes and its comfort.

A privileged penthouse apartment with sensational views of the city of Tarragona, located on the top floor of one of its most emblematic buildings.

In the heart of Tarragona, located on the 15th floor of one of the most characteristic buildings on the city's skyline, is this approximately 180m2 penthouse. Completely renovated with careful design, and equipped with great detail. All its spaces have been designed and distributed with the aim that light and views become its main value, achieving a feeling of privacy and freedom that is uncommon today in urban centers.

The distribution has been structured through a central axis from which the 4 rooms are accessed, one of them type suite. Following the night area, there is a large kitchen with an island and views, being the prelude to a spectacular dining-living room with magnificent views from its three terraces.

It is worth noting the magnificent equipment of the penthouse, both in terms of its finishes, with laminated wood on the floors throughout the house, neolith in kitchens and bathrooms, aerothermal air conditioning, built-in appliances in the kitchen and panoramic TV in the living room.

The house is completed by a parking space in the adjoining building, a concierge service in the building itself and two elevators for the same building.

Do not hesitate, call us and book an appointment to fly through the skies of Tarragona.
