Located in the idyllic Mediterranean environment, in the "Gaudí Golf Club". In the "AigüesVerds" development of Reus, very close to Tarragona capital, with international schools, Port Aventura & FerrariLand and the beaches of Salou or Cambrils, this fantastic house is located for lovers of tranquility, exclusivity and golf practice.

Upon entering this exquisite villa through the main door, we find a spacious hall and a curved staircase, richly decorated and designed to house the different works of art that their owners have arranged especially for the house. Advancing the hall, a room for the office is distributed to the right, access to the garage, with parking for two vehicles and the main room en suite, with dressing rooms and differentiated bathrooms. On the left, we have access to the lift to go up to the first floor or basement, in addition to the different rooms and rooms for the service and finally to the large kitchen with separate laundry room.

Continuing along the main passage of the house, the large living room with high double-height ceilings surprises, very generously and brightly, also through the windows that reveal a well-kept immaculate garden, a swimming pool at the back with a pergola and a summer gazebo. It is surprising to walk through this landscaped space with sculptures on the outside and important details in luxury, giving rise to and imagine, that we move for an instant in a South Pacific environment.

The swimming pool, with a salt chlorinator and large-format "Bali" style, renders the exterior like a natural lake surrounded by greenery and rest areas. The large living room, worthy of its size and natural light, communicates in turn with an informal dining room and a second glazed dining room with natural brick ceilings, projected in a vault, chaired by a spectacular table for large events. The large kitchen diner, the laundry room and ironing area, pantry and utility room, are also accessed from the two aforementioned dining rooms and connected to the main hall corridor, highlighting the large and varied built-in wardrobes that are available throughout this area, to store and store all kinds of kitchenware, clothing or accessories and to provide the most optimal service for your guests.
