OVERVIEW

Luxury triplex with private elevator and terrace, tastefully renovated and located in the Old Town of Tarragona

Lucas Fox exclusively has this unique and exceptional home of 274 m2 built, located in the Old Town of Tarragona.

Completely refurbished in 2015 with top quality materials and an attractive set of premium features such as a private elevator that connects 3 floors, underfloor heating and an aerothermal system. In addition to the luxury materials used in the refurbishment.

When accessing the house through the first floor we find an open room with a living-dining room and kitchen, in a single loft-type space and a designer fireplace as the protagonist. In addition to the natural stone walls and beams of the time that have been rescued and provide a very cozy space, surrounded by several balconies with lots of light and views of the Plaza del Rey. A bathroom, a discreet storage area and the elevator hall complete this day floor.

Going up to the second floor by elevator or by stairs, whose style is the original of the building, we find 4 rooms: a master suite with a complete bathroom and the rest of the rooms and another bathroom. Another terrace gives access to these rooms.

And finally, on the third floor, we find a special glazed studio with 360 views of the city. From this and to the front, there is a wonderful terrace of 62 m2 with excellent views. In front, the Museum of Archeology and History of Tarragona, underfoot, the outstanding Plaza del Rey and to infinity, partially the Sea, between Paseo Sant Antoni and Via Augusta.

We are facing a unique and meticulously rehabilitated property with taste and rare in the market.

Request a visit and let yourself be surprised by its characteristics and surroundings.
