OVERVIEW

Set of villas with excellent views and tourist license in Tortosa

Lucas Fox is pleased to present this set of villas nestled in the middle of an extensive and picturesque olive grove, bordering an old Roman road. This hundred-year-old olive plantation has endured over time, allowing easy and efficient care. Over the years, the overgrown terrain has been transformed into a remarkable vacation oasis.

Both the two farms and the four studios have been meticulously equipped and decorated with care. The pool, together with its large terrace, the bar and the Plaza de la Fiesta, become the ideal place for meetings and lively conversations.

Casa Azul is a set of four studios, each of them equipped with a comfortable living room that integrates harmoniously with the bedroom, an independent bathroom equipped with a shower, toilet and sink, as well as a small open kitchen. The sleeping/ bedroom area offers space for two beds and an additional sofa bed. Each studio has a small covered outdoor area, ideal for enjoying the surroundings. The House was renovated in 2006, and since then extensions and small reforms have been carried out every year. On the rooftop "La Terraza" is the swimming pool with shower and terrace, offering an impressive panoramic view of the sea horizon and the Ebro Delta. The attached winter garden is the perfect place to celebrate the traditional welcome paella and where, of course, in a spontaneous way, larger or more intimate parties could be organized around the romantic fireplace.

The majestic Casa Amarilla dazzles with its large terrace that offers a panoramic view of the Ebro Delta and the Mediterranean Sea. In addition, it delights its guests with an outdoor fireplace and a refreshing outdoor shower. On the ground floor, three elegant double bedrooms await, each fitted with a separate shower, toilet and sink. On the upper floor, an exquisite living room-kitchen with fireplace, a separate toilet and a cozy library room await to be discovered. Next to the kitchen dining room there is a magnificent winter garden with a fireplace, which becomes the heart of this charming building. The meticulous renovations were carried out between the years 1988 and 2003.

On the ground floor of this charming Green house there are two double bedrooms, each with its own private bathroom. On the upper floor, a cozy living room houses a double room with a bathroom, an elegant kitchen- dining room and a spectacular glazed terrace with an interior fireplace. From this terrace you can enjoy the impressive panoramic views of the Ebro Delta and the maritime horizon, while enjoying the warm Mediterranean breeze next to the outdoor fireplace.

A charming residence of modest dimensions but undeniable elegance, the White House rises majestically from the foundation of what was once a modest garage. Inside, a bedroom with an en-suite bathroom, a cozy living room and a kitchen displaying a harmonious fusion of functionality and refinement unfold gracefully. The captivating terrace, adorned with a fireplace that exudes warmth, irrefutably invites to prolonged stays of delight and calm. Exterior, an additional corner shelters a pleasant alternative to the shower, while a technical room ensures the operation of the systems with dexterity and precision.
