Lucas Fox presents this majestic luxury mansion with spectacular views of the Mediterranean Sea. This villa of more than 800 m², built in 2016, brings together the most valued elements to be the perfect home.

At the moment, it is probably the most exclusive villa on the Costa Dorada, and is available to the most discerning buyer. This jewel has been built in a unique location, facing the sea, surrounded by pine forests and just a few steps from Tamarit cove.

Its enormous infinity pool, its exquisite garden with relaxation areas and its authentic spa guarantee maximum comfort in any season of the year.

The access to the property is striking and modern, characterized by clean lines and a minimalist design. As you approach the entrance, you are greeted by an imposing staircase that leads to a large wooden door and becomes the focal point of the space. Going down the stairs, we find a large open-concept day area. The space is minimalist, without excessive decorations, allowing the architectural elements to take center stage. The decoration with neutral tones predominates in the furniture and on the walls, creating a relaxing atmosphere.

The main living room stands out for its spaciousness, offering a perfect place to relax and socialize in a luxurious setting. The area is an open concept that flows with a dining room for 10 people and is connected to the kitchen. This is equipped with professional appliances, an office and an impressive central island that serves both as a cooking and as an informal dining room space.

This entire day area has sliding windows and solar filters, which allow the entry of abundant natural light and offer spectacular views of the sea, creating a serene and welcoming atmosphere. In addition, the main terrace is arranged as a continuous space towards the exterior. The elevator and the designer staircase that connect the three floors complete this space.
