€2,500,000 House / Villa - For sale - New listing

Excellent 4 Bedroom house / villa for sale in Cambrils, Costa Dorada

Luxury new build villa under construction for sale beachfront in Cambrils, Costa Daurada

Lucas Fox is pleased to present this new build development of luxury villas in the picturesque town of Cambrils, in the province of Tarragona. Thanks to its prime beachfront location on the Costa Dorada, it offers panoramic sea views.

The villa, currently under construction, stands out for its elegance and spaciousness, boasting 330 m² of living space with generous and bright rooms. It also features a private swimming pool and garden, covering 292 m². Additionally, there is a first- floor terrace with panoramic views, while the floor offers a unique space with the same vistas. Together, these terraces add an additional 133 m² of living space.

Its different floors and intelligent layout are connected by a lift . In addition, the basement floor includes a large private space for several vehicles, which can be optionally configured as a cinema room, gym, or wine cellar, as well as other storage areas .

Inside, there is a functional layout with a spectacular living-dining room with an kitchen diner, covering an area of 68 m². The night area consists of four bedrooms and four bathrooms.

A team of interior designers has designed this functional property using high-end materials and advanced construction techniques. Every detail has been carefully considered to create distinct spaces. The result is a solid property with durable and environmentally friendly elements.

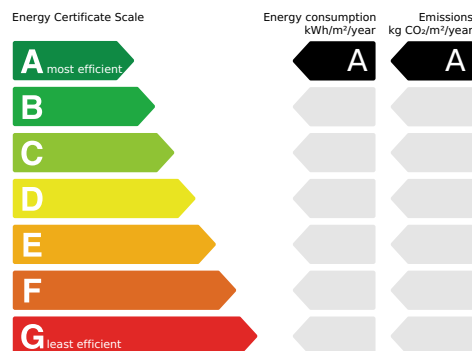

Furthermore, various details and spaces can be customized. For example, you can select the materials or adapt the interior layout to create a property tailored to your needs. You can even add exclusive areas such as a chill-out area with a jacuzzi, a wine cellar, a cinema and games room, or an extra bedroom .

The villa has been designed with sustainability and efficiency in mind, incorporating innovative solutions to achieve greater energy savings and improve quality of life. Features include an aerothermics climate control system and underfloor heating, automated blinds and curtains, and exterior lighting; all controlled by a home automation system via smartphone. Pre-installation for photovoltaic panels and electric vehicle charging is also available.
