OVERVIEW

Una Residences Miami: a new luxury development on Miami's waterfront.

Inspired by nautical themes and its coastal location, Una sets the benchmark for Brickell Waterfront living, with visionary design, welcoming gardens, and unrivalled views across Biscayne Bay.

Designed by the renowned firm Adrian Smith + Gordon Gill Architecture, Una's distinctive façade shifts throughout the day, constantly shimmering with reflected light. With 135 residences spread across 47 floors, Una is just as dramatic up close as it is from a distance.

The arrival experience is defined by the sweeping arc of a canopy, and the smooth lines of the porte cochère flow into the grand, double-height lobby. The modern curves are complemented by beautifully landscaped gardens by Enea Landscape Architecture, while inside, there are stunning views of the water at every turn. Una represents a truly sophisticated blend of location and design in the serene, residential Brickell Waterfront.

From the moment the lift doors open into their homes, residents are greeted by breathtaking views of Biscayne Bay. Both bedrooms and living areas face the waterfront, allowing residents to enjoy sweeping, uninterrupted vistas. Floor-to-ceiling windows invite natural light into each open-plan layout, while extra-wide terraces are seamlessly integrated into the living rooms and bedrooms.

Sliding doors create a connection between spaces, enhancing the sense of flow and drawing residents towards the remarkable views. The result is a seamless transition between indoors and outdoors, always focusing on the water. Inside the residences, the striking glass walls are set against the warmth of natural materials.

Every finish and surface is inspired by yacht interiors, bringing a sense of elegance and comfort to the rooms while celebrating the joys of life by the bay.

Please contact us for further information regarding these new homes in Miami.
