OVERVIEW

1-bedroom apartment with a beautiful terrace for sale in a fully renovated building in the centre of Valencia. Storage room included.

This unique penthouse is in a magnificent, fully renovated building in El Mercat, with a morning concierge service. The property was decorated and renovated down to the smallest detail by an artist of the Les Nouveaux Pop movement.

We are welcomed into the penthouse, which has an intuitive distribution, by a pleasant hall which leads to an open and fully equipped kitchen. Next is the living room, with two large windows that provide great light and good ventilation. This room showcases the decoration and the imaginative ideas that make the home so unique.

Returning to the hall, in the opposite direction we have a nice bedroom with en-suite bathroom and access to a large terrace, with an excellent aspect, ideal for making the most of the excellent climate. The terrace has wooden decking, electric awning, decorative lights, large planters and a splendid fountain.

Luxury finishes can be found throughout the apartment, such as the floors, the wooden radiators and the white lacquered carpentry. The property also includes a large storage space and an alarm system. The price includes a practical storage room of around 5 m².
