OVERVIEW

Elegant fully renovated property of 267 m², located in one of the best buildings in the city, in the Pla del Real neighbourhood.

This property is located in an exclusive building in Valencia, built in 1973 and designed by a very prestigious group of architects in the sector. It has a modern and avant-garde design, and is located in one of the best areas in the Pla del Real neighbourhood, with beautiful views of the Turia Gardens, one of the largest green areas in the city.

The property has been completely renovated with top quality materials, and with an avant-garde and functional design, taking care of all the details.

High quality materials have been used, with a harmonious colour scheme in all the spaces, creating a warm and pleasant atmosphere in all the rooms of the home.

The day area is distributed into a spacious living-dining room, with large windows, making it bright and cheerful. Next, we go to a spacious cream-coloured kitchen diner with a white countertop. It is equipped with built-in top brand appliances, and is separated from the living-dining room by practical black iron and glass sliding doors. This area also offers a staff bedroom with a separate entrance.

The night area is divided into a spacious master bedroom with an en-suite bathroom, and two double bedrooms with two full bathrooms. The brightness of the bedrooms stands out thanks to its good orientation and the large size of the windows throughout the home. All bedrooms have fully fitted wardrobes.

The property has porcelain floors in natural wood finish, white lacquered interior joinery, double glazing and thermal and acoustic insulation, individual gas heating, and hot-cold air conditioning through ducts.

The property also has a garage space included in the price and a 24-hour concierge service.
