OVERVIEW

3-bedroom property with excellent quality finishes, a good size and beautiful direct views of the river. Located in the most exclusive building in the city.

We present this excellent home in the most exclusive building in the city of Valencia. It is located at a good height, so it enjoys pleasant views of the Turia gardens. Its large windows facing the old riverbed provide it with abundant light and comfortable spaces.

The property is accessed through a hall that sets the scene for the rest of the home with its attractive design. The day area is made up of a spacious living room with a generous bay area. The separate kitchen is also of good size and offers plenty of storage space and a practical island, as well as a utility room.

The night area consists of three bedrooms and two bathrooms. The master bedroom has a bay window overlooking the gardens, a large floor-to-ceiling closet and a complete bathroom with double sinks. The other two bedrooms are doubles and also have large wardrobes.

The apartment is sold fully equipped, with Miele appliances and many built-in wardrobes.

The qualities of the finishes are excellent, with marble floors in the day area and natural wood flooring in the night area. The carpentry stands out, with floor-to-ceiling doors and glossy taupe lacquered cabinets. The design and the choice of materials give the house a uniform and very elegant style.

It is also equipped with underfloor heating, zone air conditioning and a home automation system. Likewise, the houses on the estate enjoy great tranquility thanks to the thickness of the walls, the soundproofing and the quadruple glazing.

The development has an independent alarm system, 24-hour security, surveillance cameras and panic buttons in the community areas. There is also a garage space available in the basement for a price of 50,000 euros.
