OVERVIEW

Recently built building in one of the most special locations in Ciutat Vella, with 3 bright designer apartments, with plenty of light and fantastic unobstructed views of the charming architecture in the surroundings.

We present this recently built building in one of the most special locations in El Carmen. Its surroundings are characterized by charming architecture that is typical of the Valencian Ciutat Vella. Specifically, the building is located in a wide and bright square with picturesque buildings and with a lot of trees.

The property has a total area of 270 m² and three levels for residential use with one floor per floor. The apartments share the entrance hall on the ground floor next to the square, the stairwell and a large lift.

The building stands out, in addition to its privileged location, for its numerous windows overlooking the square, facing the morning sun and with unobstructed views.

Each apartment has a perfect layout and has been designed considering the most modern standards: light, views and space. Rooms are spacious, very open and flooded with light and sun. The three apartments enjoy a hallway with storage space, large living room, kitchen with island, a double bedroom and a complete bathroom. In addition, each one has pleasant balconies in all its areas, enhancing enjoyment of the outdoors.

The building was built in 2009 and is characterized by its high-ceilings and good qualities. Highlights the natural wood finishes in the carpentry and flooring, and the air conditioning system in all homes.

Get in touch to acquire this 3-storey property in a unique part of Ciutat Vella.
