OVERVIEW

Cozy property with a garage space in the heart of Ciutat Vella, next to Plaza de la Reina

For lovers of the centre of Valencia we present a practical and comfortable property located behind the Plaza de la Reina, we are located in a quiet and charming central square, the Plaza del Miracle del Mocadoret, there in a semi-recent building (years 90), overlooking the square, where it is possible to live in a pleasant property with the luxury of having a garage space in the same building.

The best thing about this property, apart from having the advantage and service of the garage, is the luminosity and tranquility it enjoys. It is a recently new building due to the advantages that this entails, its southerly aspect and the rather square shape of the property give it a serene and calm atmosphere.

To be so central, the dimensions of the property are sufficient and that says a lot about the property, because it allows you to live comfortably. Practicality at a reasonable price which also allows us to contemplate the property from the investor point of view.

Although the property is located on the first level, the fact that the ground floor is very high implies that it is actually as if it were a second floor, which greatly favors light and views.
