OVERVIEW

Bright, renovated apartment for sale in Modernista building in Pla del Remei with 2 bedrooms, 2 bathrooms and a large living area with high ceilings and high quality wooden floors and carpentry.

We present this 116 m² apartment on the third floor of a fully restored Modernista building with architectural details and balconies that date back to the beginning of twentieth century.

The design is contemporary, warm and welcoming thanks to the choice of materials, the wooden flooring and abundant natural light. From the entrance we find a particularly spacious, open living area. Next to the living space and right next to the dining room is the kitchen with wooden furnishings which blend in with the flooring throughout the rest of the property.

Following on from here, we find we find a bedroom that has a large storage area and a bathroom which receives light from an interior patio. Next is a bedroom suite with plenty of natural light and large windows, spacious closets and a full bathroom with a double sink and a bathtub.

The smooth walls and the straight lines of the design give a flowing, spacious feel to the different rooms. This feature, along with the location, makes this apartment a magnificent option for someone looking to live in the prime residential area of Valencia City.
