OVERVIEW

Free-flowing spaces with double height ceilings that interact with the exterior in this luxury home with an enormous living area, 4 bedrooms, a study, games room, gym, garage and indoor and outdoor pools.

The property is distributed over 3 levels. We enter of the middle level, where we find a lobby designed like a box full of light framing views of the landscape, and featuring a beautiful, light staircase.

On this level we find the living area, which contains the living room with a fireplace, TV room, dining room and kitchen with an island. All spaces have completely glazed walls, offering panoramic views of the landscape. At one end of this level is a cosy area for guests, with a spacious bedroom and a bathroom. This floor is completed by outdoor courtyards interspersed between the interior rooms to bring the scenic atmosphere inside the house.

On the top level we have the night area with 3 bedrooms and a study. All bedrooms have a bathroom built into the room and the master suite also contains a large dressing room. This level interacts with the lower level, creating light-filled, double height spaces.

On the lower level are the games room, gym and indoor heated swimming pool with a jacuzzi. On the side, next to the slope, we find the cellar and garage for 2 cars. The plot is perfectly designed, offering a porch, paella room with equipped kitchen and bathroom, a garden, a nice entrance space and a pool where you can take a dip looking out at the horizon in the distance.
