Lucas Fox is pleased to present the new build Development , located in Benicasim, one of the best locations on the Mediterranean coast. It is a quiet area, but with all the amenities and convenient connections to other points along the coast.

The homes are located in a gated development , with four blocks of buildings, each with a lift. Each of the facades has a Mediterranean architectural style, with light tones. The development offers exclusive communal areas, such as a salt chlorination pool with solarium, gym, calisthenics area and gastroteca, as well as large low-consumption gardens, a community room and an urban vegetable garden . In addition, it offers a community garage with direct access and large storage rooms. The development enjoys great security and comfort with a concierge and well-maintained accesses.

The development offers 63 two, three and four-bedroom homes, with various typologies, such as ground floors with gardens, spacious and bright apartments and exclusive penthouses with terraces overlooking the sea and the Las Palmas desert.

All homes enjoy large windows that allow the entry of abundant natural light and double orientation and therefore, cross ventilation.

The design of the properties features open spaces, with a modern style, with top quality materials, such as the use of wood, and light tones that maximize spaciousness. However, customization options are offered, for example, in the layout and finishes, so that the property adapts to your tastes and needs.

The homes have excellent materials and finishes, such as a home automation system, LED lighting, porcelain tile floor and aluminium exterior carpentry with thermal break and double glazing. In addition, they enjoy great energy efficiency, class A, thanks to the centralised aerothermics system for the production of hot water, photovoltaic panels and their great thermal and acoustic insulation. For greater comfort, a ducted air conditioning system is included. The kitchens come fully equipped, with all appliances, compact quartz countertop, wall and base units, sink with mixer tap and island. The bathrooms also come fully equipped, with a sink with mixer tap, compact and suspended toilet, shower with option for a bathtub and ceramic coverings.
