SAN BLAS 38 · GODELLA

A boutique new development of 10 premium quality thoughtfully designed homes.

San Blas 38 is an exclusive residential development located in the heart of Godella, a well-established and highly sought-after area just minutes from Valencia and served by its own metro stop.

Conceived as a boutique project of only 10 apartments, the building combines contemporary architecture, sustainability, and comfort, offering homes designed for modern Mediterranean living.

The project has been developed by Heldela Investments & Construction in collaboration with Goor Studio, with a clear focus on quality, energy efficiency, and long-term liveability.

ARCHITECTURE & DESIGN

The building presents a clean, timeless façade finished in ceramic brick with lime mortar render, incorporating generous terraces and integrated greenery that soften the architecture and connect the homes with nature. The structure has been designed using reinforced concrete pillars and lightweight slabs, improving efficiency while reducing CO₂ emissions.

Interior layouts prioritise natural light, cross ventilation, and fluid transitions between indoor and outdoor spaces, creating calm, well-balanced homes that feel both modern and warm.

SUSTAINABILITY & ENERGY EFFICIENCY

The development incorporates aerothermal energy systems for domestic hot water, high-performance thermal and acoustic insulation, double-glazed low-emissivity windows with argon gas, and efficient ventilation systems to ensure healthy indoor air quality and reduced energy consumption.

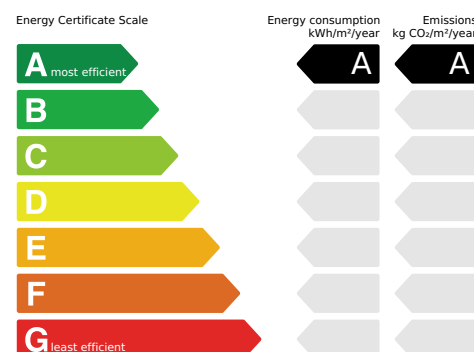

INTERIOR FINISHES

Each apartment features porcelain stoneware flooring throughout, moisture-resistant white skirting boards, smooth white walls and ceilings, acoustic insulation between rooms, and false ceilings across all living spaces.

COMMUNAL AREAS

The building also offers an elegant entrance hall, lift serving all floors, and a private garage with one parking space available per apartment that can be purchased at additional cost. Access is automated and the garage is equipped with modern fire-safety systems, ensuring both comfort and security.

The distribution has been carefully designed to suit a range of lifestyles:

- Ground floor: two 1-bedroom apartments, ideal as primary residences, pied-à-terres, or investment properties.
- First and second floors: spacious 3-bedroom apartments with generous living areas and excellent natural light.
- Fourth floor: two exclusive 2-bedroom penthouses, each enjoying private access to spectacular rooftop terraces, offering open views and exceptional outdoor living spaces.

This considered layout creates a balanced mix of home types while maintaining the boutique character of the project.

Imagine cycling along a scenic path all the way to the sea, weekends spent exploring local parks, or strolling to the weekly farmers' market to pick up fresh, seasonal produce. Godella blends a relaxed, safe environment with all the conveniences you need: supermarkets, cafés, pharmacies, nurseries, and both public and private hospitals are close at hand.

For families, it's a true haven: top international schools, local Spanish schools, and nurseries make the daily routine easy, while wide streets, green spaces, and a welcoming community give children room to play and grow.

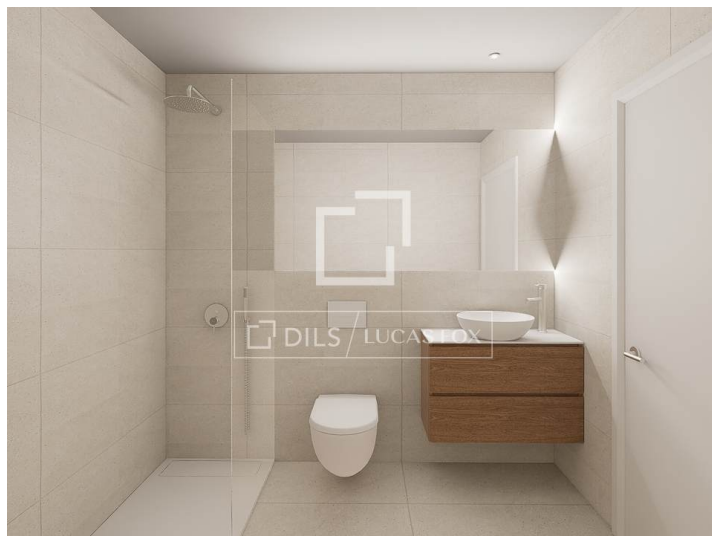

Here, life is slower, greener, and full of little joys – yet the city's restaurants, shops, and cultural attractions are never far away. Godella offers the best of both worlds: a peaceful, healthy, and connected lifestyle.
