OVERVIEW

Magnificent 4-bedroom stone villa in a quiet, wooded area with privileged views of the river Miño. The property is very well built, with a lovely location and charming finishes.

This villa was built with the best materials and is in good condition. It is just a few hundred metres from the river separating Spain from Portugal. It has 398 m² of built surface area and sits on a private plot measuring 1,576 m², with a swimming pool and convenient barbecue area.

The property has unique, unobstructed views of the river and the surrounding scenery.

The layout is very practical, with three levels of space, the main level and the top floor with the day and night areas, respectively, and a basement with ample multipurpose space, a bathroom, and a garage large enough for two cars.

We enter the property into a large parking area connecting to the garage. As we enter the house, we find ourselves in an entrance hall. The living and dining room areas and an ample kitchen diner are facing this hall. These spaces have fantastic views of the river and the woods and allow access to a terrace.

To the left of the hall is an office, and to the right is a bathroom for guests and a staircase leading us up to the night area. Here, we find four good-sized bedrooms, one en-suite, and an additional bathroom. Three bedrooms allow access to a balcony overlooking the same unique views of the river Miño.

The front part of the plot faces the river and has two levels, carefully landscaped. The swimming pool and a convenient barbecue and chill-out area are on one of the levels.

This property is suitable for a couple or a family with children. Also, for investors looking to purchase the property and let it out on a yearly or short-term basis.
