€1,250,000 House / Villa - For sale

Stylish designer villa for sale with stunning views in Redondela-Rande, Pontevedra

A unique designer villa for sale within a short distance of Vigo city centre. The property on a hilltop location offers four levels of space and stunning views with modern architecture and design.

A short distance from Vigo city centre, we find this unique designer villa, with four levels of space, a mature garden, stunning views and sunny aspect. The villa, built with concrete and large glass above a solid rock, overlooks the entire Vigo Estuary, the Rande bridge and the island of San Simon. Situated in a quiet area and surrounded by forest land.

The villa consists of four levels of space. The ground level, which measures almost 80 m², offers a parking garage for one car, a utility room, a guest toilet, a small workshop, and the entrance hall for the property. There is also a panoramic lift that reaches all the levels.

On the first floor, we find the reception hall, where we find the sleeping area. This area offers two bedrooms and a shared bathroom, an indoor garden, a wine cellar, a machine room and an ensuite bedroom with a walk-in wardrobe. This area has access to an outdoor gravel terrace next to the garden section.

On the third level, we have the living area, which measures 113 m² where we find the living and dining room, the eat-in kitchen, the reception hall and guest toilet. This area offers a rear entrance to the villa, where we find a barbecue section and an outdoor dining area. The front side offers an outdoor porch and terrace, leading to the infinity pool and front garden.

On the top floor, we find another ensuite bedroom that leads to an outdoor front terrace filled with gravel.

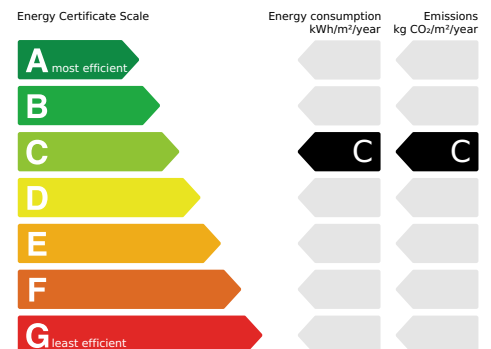

The villa's interior is finished with a warm minimalist style and enjoys views of the areas surrounding the property. The idea was to construct a villa in which abundant light enters the interior and simultaneously overlooks places like the estuary, the forest and the beautiful garden, always witnessing the weather in the summer and winter months. The property is finished with energy-efficient installations and climate control throughout with a modern finish.

The total size of the property measures 3,000 m². Outside is a mature garden, with ornamental trees, shrubs, an orchard area, fruit trees, and oak and chestnut trees surrounding the property, giving it a forest feeling and privacy.
