€430,000 Apartment - For sale

A renovated apartment for sale in the heart of the old town of Santiago de Compostela, A Coruña

3-bedroom apartment for sale with designer finishes in the monumental area of Santiago de Compostela, with views of the cathedral.

Steeped in history, this third floor apartment is found in one of the typical narrow streets of the old town of Santiago, Galicia's capital and destination of the well-known pilgrimage. It has been renovated to a high standard and looks out onto the cathedral from its gallery at the front.

Climbing the antique staircase, we enter through the main door into the centre of the apartment. To the right, the current owners have opened up the property to provide a single open kitchen, dining room, and lounge. The gallery has two entrances, with antique sliding doors brought in from Sweden, one of the little touches left by the architects who planned the new layout and design of this attractive home. The gallery faces north and so provides a constant light in the living area throughout the day. The kitchen is stylish and there is a made-to-fit dining table with benches.

The apartment features oak floor throughout and, along the hallway towards the sleeping areas, there is a shared bathroom, with modern furniture and fittings, a main bedroom with an en-suite bathroom and two further bedrooms. This area features high-grade plasterboard for the ultimate in sound insulation for the nighttime areas.

This apartment has been lovingly renovated and with an eye for detail, ensuring the character of the building is maintained, at the same time as benefitting from modern layout and features.

Heating is currently provided by a pellet-fed boiler.

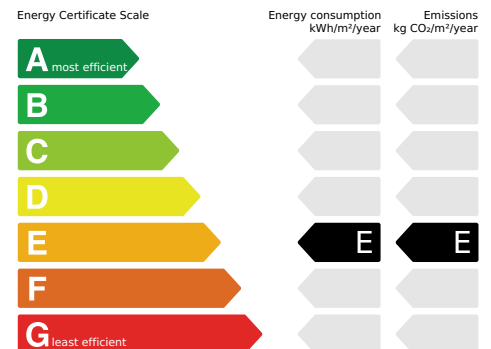

This property would suit a couple or small family looking for a base in the centre of Santiago, or an investor with an eye for quality historic buildings.
