Lucas Fox exclusively presents this incredible 140 m² apartment with a 65 m² terrace in the centre of Vilanova i la Geltrú, completely renovated and rehabilitated, but with original elements preserved.

The property occupies the entire main floor of the building and has several rooms that can be used as the new owner prefers. The current design is distributed as follows.

We enter the property and are welcomed by a large entrance hall with large closets that we can give multiple uses to. To the right of the entrance hall, we find two exterior double bedrooms, one of them with access to the balcony. On the other side of the hallway, there is first a guest toilet, a complete bathroom with a shower and several closets with large capacity.

Next, we arrive at a beautiful living-dining room with access to a large 65m² terrace with a chill-out area. We enter the independent kitchen diner, with enough space to put a table and four chairs, equipped with an extractor hood, induction and oven.

Through a door from the kitchen, we access the other side of the apartment, where we find the main bedroom, with a dressing room and a small gallery that gives access to the terrace; It has a complete bathroom with a shower. This hallway also has another wardrobe and a utility room. Next, there is a small living room, ideal for reading a good book or watching television, which connects with the last bedroom of the property, double and with access to a balcony.

It should be noted that the property was completely renovated and refurbished in 2020. The renovation included the facilities, preserved original elements, such as practically all of the floor of the property and most of the doors, and quality materials and finishes were used. It has gas central heating, split air conditioning in the living room, original hydraulic and ceramic floor, wood and aluminum carpentry and double glazing.
