### OVERVIEW

## A new development of 1 and 2-bedroom apartments for sale in Sant Antoni, Barcelona, with a unique design concept.

This new development is located in the charming Sant Antoni neighbourhood of Barcelona's Eixample district. The classic style building dates back to 1900 and has been completely renovated, offering a lift and attractive communal areas. The communal areas of the building include parking spaces for bicycles, a wine cellar, a laundry room and a communal terrace with outdoor showers, a lounge and a social bar.

The building consists of a basement level, a ground floor level, seven upper floors and a rooftop. Offering twelve apartments and two duplex loft properties, this development provides homes that are fully furnished, equipped and ready to move into. The kitchens come with fitted electrical appliances (dishwasher, oven, microwave oven, coffee maker and refrigerator), Zucchetti taps and porcelain countertop.

As for outdoor space, all of the homes have a balcony and some of them also boast a private terrace of between 10 and 50 square metres. The penthouse property enjoys panoramic views of the city, including the Sagrada Familia, from its generous private terrace.

These 1 and 2-bedroom properties are the result of a clever design concept by which a single space may be transformed with a system of sliding panels. The beds can be concealed in closets during the day and the kitchen and bathroom are at the centre of the home.

The duplex homes have a height of 6 metres and panoramic windows overlooking a private patio.

Feel free to contact us for further information.
